Floral: Unknown
Wildlife/Beneficials: Attracts bees
Deer Resistant: Unknown
Fire Resistant: Unknown
Medicinal Uses/Edible: Unknown
Adverse Factors: Unknown

Soil: Well drained
Exposure: Full Sun to part shade
Water Requirements: Low, drought tolerant
WUCOLS Water Needs: L L L L / M
UC Davis Arboretum All-Star: No
Description: Easy to grow. Dense evergreen shrub with a fine texture. Tolerant to wind, salt, and drought. Hardy to 20-25 degrees. Upright when young, spreading with age. Also known as Victorian or Coast Rosemary.
Maintenance: Leave as naturally-rounded shrub
An organic slow-release fertilizer in late winter encourages new growth and flowers.
